LOCAL AND PERSONAL.

—All's well that ends well—if it isn't a cistern.

—Mr. Sam'l. Sone will take in the Cole County Fair.

—The latest styles of the newest goods at Miss Carrie Fendorf's.

—T. B. Robinson, Esq., has been visiting the Capital this week.

—Our Senior went to Jefferson City last Monday, for a week's stay.

—The Cole County Fair commenced yesterday and will close Saturday.

—Dr. Treman called in Tuesday and says the little baby girl is doing well.

—Although the ground is rather dry the farmers are busily engaged in sowing wheat.

—Tuesday, Wednesday, Thursday and Saturday grinding days of the Anchor Mills.

—A son of James Garrett died last Saturday and was interred at the city cemetery last Sunday.

—Mrs. Mary A. Pendleton has removed from the Planters House, taking her residence in a private abode.

—Mr. John D. Weitz is permanently improving his residence by building a stone fence about it.

—Our people are still alive in the way of improvements, immigration and open hospitalities to all.

—What a screamer! is a tribute often paid to a crying baby, but Dr. Bull's Baby Syrup by alleviating the pains of the little one soon stops the crying.

—Mr. Irs T. Johnson has had the Hickok patent gate put to his lively stable yard fence. Messrs. Mansell are selling and erecting these very convenient gates.

—Taking the Jefferson City papers as a guide we may begin to talk railroad matters again soon. The question is: will we have that railroad through the county?

—We have several thousand acres of land yet, that we are offering at very low figures, for cash or stock or other trade that may be transferable. Call at once for bargains.

—Misses Mary McCarty and Ollie Robinson will visit the St. Louis Fair, next week, accompanied by their father. We wish them a pleasant trip on their sightseeing tour.

—We have been informed that the Montau Fair, last week, was the best in all particulars that they have had for several years. We are glad to see this general prosperity.

—County Surveyor, Mr. H. S. Burlingame, passed through town Monday on his way to the south side on a surveying expedition. We are under obligations to him for past favors.

—An exchange says "Beware of modern love!" We would like to know the ways of it that may as well as others beware of it. If it be a dangerous epidemic let us have the preventive!

—Mr. Phil. Hausenstein will attend the St. Louis Fair, and while there he intends visiting the fine swine department of Col. Coleman and purchase for himself at least two fine blooded porkers.

—Jos. Cummings has added to his stock of dry goods, groceries, hats, boots, shoes, confectionaries, &c., a complete stock of drugs and medicines, thus making his stock complete and sufficient to meet the demands of his customers.

—Mr. Jas. Skinner, one of our industrious ridge farmers, received a letter from Tipton offering him 90 cents a bushel for his wheat. How is that for Miller county products, several cents higher than any other wheat taken so that market.

—Dr. Bradleyford has two of the best ponies we have seen in this county, having tried one of them on an eighteen mile ride last Friday afternoon we know whereof we speak when we say it is A No. 1 saddle pony. And such does the doctor need, as he is constantly on the go.

—"Water is getting to be a luxury in this locality. If the dry weather continues, we really fear we shall have to commence drinking beer." The above is a piece of reliable news from Kansas. We enjoy the luxury of an abundance of both down here. Especially the finest springs upon the globe.

—Prof. Lumpkin's school now numbers fifty students, and moves along smoothly and lively. The Prof. is one of our most accomplished and persevering teachers; he has constructed four additional large blackboards and putting everything in the school room in good order that may be necessary for the convenience of the teacher and scholars.

—On the first page of this paper we publish an interesting circular by one of the Board of State Immigration. It is of interest because he relates a correctness of the many advantages Missouri possesses and the many duties depending upon our citizens to perform. If we want improvement, and every man and woman will say they do, we must do something to obtain it.

NOTICE.

To holders of Warrants on Internal Improvement fund, drawn in favor of James Johnston and numbered as follows, to-wit:

Warrant Number 54	for \$10.00.
" " 57	" 20.00.
" " 58	" 50.00.
" " 70	" 20.00.
" " 78	" 20.00.
" " 77	" 12.00.

That money has this day been set apart for the payment of said warrants, they cease to draw interest from this day; this 23d Sept., 1879.

JAMES H. TORD,
Treasurer.

—Our worthy deputy clerk is passing about the city as proudly and erect and with as firm step as if he never had a chill. We understand it's a girl.

—At Mr. John Wilcox's there is a little boy and girl, of the same age, they are pretty and resemble, very much, their pa and ma, John and — and all doing well.

—On the 4th day of October (Saturday), a protracted meeting will commence at Flat Spring school house on Humphray's creek half mile of Elder Capps. Elda. Payson, and Hibbs will be in attendance.

—The Americans lead the world in everything and especially in fast eating; this has made Dyspepsia our national disease, though now under perfect control by the use of Dr. Bull's Baltimore Pills. Sold everywhere. Price 25 cents.

—Watch for the night of November 13th, 1879. Prof. Tice predicts that on that night the most brilliant meteoric display ever seen since 1833 will take place. The sky will literally rain fire. The works will be let off about one o'clock in the morning, but the magnificence of the display will more than compensate for the lateness of the hour.

—The Tuscumbia Turf Club was fully organized on last Monday evening, full of enthusiasm and a will to push the matter forward to its completion. It is of paramount importance not only to the awakening up of this town, but of equal importance to the entire county, by reason of the fact that plans will be perfected for the location of the Fair at this place which will develop more fully the industries and mineral resources of the county, of whose soil cannot be surpassed, and should be individually and wholly united in this empire move.

—David Kinsley, road-overseer on the district adjoining this district on the Jefferson City road, was in Tuesday, and says he proposes, while nature has supplied conveniences, to gravel and put the road in an excellent condition. We know of no reason why our roads are not in even better condition than they are; as it is true that we are abundantly supplied with the material and it only remains to put upon them a little labor and skill—head work. We can now boast of better roads than a great many counties with twice the population; but notwithstanding this let us continue to make them better.

—We received a letter from our friend Louis Lenem last week, dated at Denver, Col.; he says he visited the famous Leadville, and while there he saw many new sights; the various mines, the mode of working them, the trades, the ways, &c., &c., of that rapidly built up city. Louis has had a very pleasant Western tour, and is now with his folks in St. Louis, and we hope soon to greet him at his old home in this place. As a friend, a young man of honest and honorable character he was held in the highest esteem by every one who knew and had business transactions with him.

—Quite a stampede occurred at the school house last Friday afternoon. The school house has been by some considered in rather a dangerous condition and one well liable to fall at any moment, this fear being impressed upon the minds of some of the scholars, they were listening for something to fall, and they finally heard it; one of the window props gave way letting the raised sash come down with quite a crash, and the young folks supposed it to be the side of the house, and a rush was made, in spite of the calls of some, for open windows and the door. No one hurt and the house still stands, and as proper repairs have been made no longer is there any fear of danger.

Tuscumbia Turf Club.

A meeting of citizens on the evening of Sept. 29th, 1879, at Tuscumbia, Miller county Mo., organized the Tuscumbia Turf Club by electing E. C. Swalem, Esq., president; R. Ver Bryck, vice-president; J. N. Scott, treasurer; F. G. Fulkerson, secretary.

A committee of five, consisting of Phil. Hausenstein, R. Kirkpatrick, L. T. Johnson, Dr. H. Bradleyford and F. G. Fulkerson, was appointed by the president to select a location suitable for a race track and adapted to an exhibition or fair grounds, and report its practicability, cost, &c., at the meeting to be held Saturday evening, at 7 o'clock, Oct. 4th, 1879.

The above officers were elected for the period of three months.

A motion was adopted requesting the OSAGE VALLEY BANNER and Vindicator to publish the foregoing proceedings, with a request that newspapers in adjoining counties please copy.

E. C. SWALEM, Pres.
F. G. FULKERSON, Sec'y.

ED BANNER:—I was at Joshua Vaughn's a few weeks since, he had a water melon that was three feet two and a half inches in circumference and weighed forty pounds.

Sarah Ann, wife of W. B. Slaven, is just getting up from a severe attack of pneumonia. Dr. Helms of Rocky Mt. was called in, and by the help of the ladies of our community, she is mending fast.

—Miss Carrie Fendorf,

Milliner and Dressmaker,

Tuscumbia, Missouri.

A well selected stock of Fall and Winter Millinery goods on hand; also, a variety of notions. New supplies added every week if needed. Orders from a distance promptly and satisfactorily filled. 381f

St. Louis Market.

Sept. 30th, 1879.

Wheat, grade No. 2, \$1.10; No. 3, \$1.05; No. 4, \$1.00. Corn 35c. Oats No. 2, 25c. Rye 57c. Bacon sides weak at 6c. Eggs dull at 14c.

—Mrs. A. P. Folsom and Miss Carrie Fendorf started to the fair, at Jefferson City, yesterday.

—The Johnson County teachers institute has the following among their preambles and resolutions, showing their opinion of the good of teachers institute.

WHEREAS, There is great need of a more thorough organization of the teachers of Johnson county, to the end that they may become more proficient in the branches taught, and more efficient as teachers, and that the cause of education may be better appreciated and the people encouraged to labor with renewed zeal in its behalf. Therefore be it.

Resolved, 1st. That there be organized under such rules and regulations as may be prescribed, a "Normal Institute," which shall hold at least one session each year to continue not less than two weeks.

Resolved, 2nd. That the monthly meetings of the Johnson County Teachers' Institute be continued and that all teachers be earnestly requested to work in each district by lecturing and holding meetings, in order that the people may see clearly the benefits of county institute work.

—We are happy to state the arrival of Mr. Wm. Padgett and family to Kansas. In a letter we received from Mrs. Padgett dated at Osage Mission, Kansas, Sept. 28th, she says:

"We are all well, and well pleased with the new country; we are going to look around before buying land. We have gone into winter quarters on the Neosho river, two and a half miles from Osage Mission. We came through some nice country in western Missouri, better than we have found in Kansas. I think we will go further west or southwest before we buy. We have dry weather; crops are not very good. Well, Uncle Abe, we are very much lost without the BANNER and wish you to send it to us." She says Mr. Padgett will be back next Spring, and then or before that time we hope he will return, bringing with him the good family with the determination to remain here. This county has for many years been their home, and hence we believe they will find that milk and honey does not flow any freer in the West than it does in the "free state of Miller."

TRUSTEE'S SALE.

Whereas by deed of trust dated the seventh day of November, A. D. 1878 and recorded in the office of recorder of deeds for the County of Miller and State of Missouri in Book E, page 357, John Thompson and Amelia W. Thompson his wife conveyed to the undersigned trustee the following described property, situated in the county of Miller and State of Missouri to-wit: The northeast quarter, of the southeast quarter of section thirty-two, township forty-two, of range fifteen. Also the east half of the west half of the southeast quarter of section four (4), township forty-one (41), of range fifteen (15), containing eighty acres, more or less. Which said conveyance was made in trust to secure the payment of a certain promissory note in said deed described and whereas default has been made in the payment of said note now therefore public notice is hereby given that in pursuance of the power in me vested by said deed and at the request of the legal holder of said note, I the undersigned trustee will on

Saturday 11th day of October, 1879, between the hours of 9 o'clock in the forenoon and 5 o'clock in the afternoon of said day proceed to sell the property above described at the Court House door in the town of Tuscumbia, county of Miller and State of Missouri at public vendue to the highest bidder for cash to satisfy said trust and the cost and expense of executing the same.

GEO. W. WEEKS,
Trustee.

STRAY NOTICE.
